Islamabad, Pakistan

Education

NUML, Islamabad

2016 - 2020

Bachelor's in Computer Sciences

Awards & Certifications

MEAN stack development -
Coursera

Technical Skills

- **Frontend:** Angular (Reactive Forms, ngModel, ngClass, ngbDropdown, Custom Components), HTML5, SCSS, RxJS, Bootstrap, Material, TailwindCSS, Unit testing with Jasmine & karma
- **Backend Integration:** REST APIs, Firebase Analytics, AWS Cognito, Integration with NEST.js, swagger documentation, MongoDB, MySQL
- **State & Forms:** Reactive Forms, Form Validation, FormControl/FormGroup
- **Dev Tools:** Git, Postman, NPM, Chrome DevTools, Browser accessibility
- **Others:** Moment.js, StorageService, Observable handling, JWT Auth

Profile

Experienced Frontend Developer with deep expertise in Angular, TypeScript, and building complex enterprise applications. Skilled at designing and implementing scalable UI components, managing reactive forms, integrating RESTful APIs, handling state, and working with AWS Cognito for authentication. Proven ability to optimize business workflows through custom UI logic, dynamic filtering, and user-centered design.

Work Experience

Solis Solutions - Front end Developer | Angular *April 20 - Dec 22*

- Fixed bugs and provided support services for the application
- Responsible for code optimization and test across browsers
- Update and maintain Angular versions
- Implemented HTTP client API calls from NESTJS/mongoDb
- Ensured seamless deployment of Angular applications
- Design and developed UI using design patterns and CSS frameworks
- Wrote and developed new and well-tested code for different software projects
- Worked closely with other team members to identify and remove software bugs

SwipBox - Software Engineer

Jan 23 - Current

- Implemented effective debugging strategies, resulting in fewer software defects and increased reliability
- Ultimately enhancing code quality across all projects handled by the team
- Enhanced application performance by optimizing Angular components and implementing efficient coding practices
- Scheduled meetings with clients to discuss website design preference and requirements
- Designed layout and graphics to enhance aesthetics and appearance of website
- Developed Angular UI for courier management with workflows including first-mile and last-mile logistics
